

General Meeting

11-30-21

Animal of the Week: Monk Parakeet (*Myiopsitta monachus*)

- Also known as the Quaker parrot
- Native to South America, introduced in the U.S.
 - Exported as pets, some got loose
- Can live 20-30 years
- Have colonial nests, with each parrot making a separate “apartment”
 - Colonial nests can reach the size of small cars

Opportunities in Zoology!

- Join AZA!
 - Resume builder
 - Job postings
 - Connect with zoos all over the world
 - Get the Connect Magazine
- Keep an eye out for job boards and IBIO emails
- Talk to professors about research opportunities, ULA positions, etc.
- Summer internships are beginning to open up!

Bracelets to save the sharks!

- Buy bracelets for holiday gifts!
- It is the giving season, why not sport a bracelet that gives back to shark restoration?
- We will take orders at the next meeting
