

Hello Toadally awesome ZSA members,

Today we had a chill night of fun animal (and Boobah) related powerpoints to take the edge off this week. If you missed it no worries, a few of the powerpoints will be posted here so you can look through and enjoy them on your own time.

The animal of the week was the sexy cannibalistic 4+ pound African Bullfrog. They are quite aggressive and will bite with their 3 odontodes on their lower jaw. check out this video to learn more about them: <https://www.youtube.com/watch?v=-SeQxIw7QfY>

on a 0 to 10 scale the ZSA E-Board gives the African Bullfrog a 4/10 in ability to win a fight against us. if they got the element of surprise they might be able to take us down with their hunky bodies. But, if we came prepared with sticks we would definitely win.

The IBIO internship workshop series is starting tomorrow at 5pm (November 4th) and will take place every Wednesday until Thanksgiving break (November 4, 11,18). Talk to Christina or email Eila for more info.

Our fundraising opportunity is still going on! return your cans and bottles and send the funds to the ZSA venmo account. The proceeds will go to the Dian Fossey Gorilla Fund International. Whoever collects the most cans will win a prize.

Thanks to Olivia for her beautiful presentation of the Boobahs. The Boobahs are from a children's TV show by the creators of teletubbies. The E-Board decided to rate how likely each Boobah was to win in a fight against us just like we do with the animal of the week. Coming in last is Jingbah (pink) with a 0/10. This would be an easy kill, no fight would happen. Next is Jumbah (blue) with a 3/10 Jumbah would put in some effort but we would still win hands down. Next is Humbah (yellow) with a 5/10 kind of a spaz so it would get some punches in but we would ultimately take it down. Next we have Zumbah (purple) 10/10 would kill us. Zumbah just stands in the corner and before we knew what was happening Zumbah would have gotten us all. Coming in first place with a score of 11/10 is Zing zing bah (orange) Zing zing bah gives off serial killer vibes, they are all good until one day they snap and now they have 10 bodies in their freezer and are in the next episode of criminal minds.

We have a fun speaker coming next week to talk about conservation. You won't want to miss it.

Stay safe and stay sane,

ZSA E-Board
