

Wazzzzup ZSA members?

Today we had a super fun meeting guessing what animal was associated with some super funky scientific names. As well as creating some of our own wonky names based on common household objects. Shout out Olivia for this ingenious creation.

We are headed to potter park on the 23rd as our first club trip in almost two years. If you would like to go please fill out [THIS](#) google form to tell us what time works best for you. We are trying to find the best time for everyone so filling this form out is very important.

We are asking for donations for the capital area humane society. This will be continuing for the rest of the semester. If you would like to donate please bring something on the following list.

- Break-Away cat collars, adjustable dog collars, 6-foot dog leashes
- cat and dog toys
- soft dog treats, bones, canned kitten food and puppy food (purina pro plan chicken)
- rodent food, timothy hay, peanut butter
- human first aid supplies, packing tape, paper towel, latex gloves, hand sanitizer, tissues.

Eboard elections will be happening next week (this could be subject to change). If you are interested in running please prepare a short very casual speech about why you want to be a part of eboard. The open positions are treasurer, service coordinator, fundraising coordinator, social coordinator, and webmaster.

If you are a graduating senior please tell Christina or email msuzsa@gmail.com to let us know so we can get you a ZSA pin.

The penguin t-shirts are in and if you ordered one please pick it up at the next meeting, they are 15\$.

For our last meeting of the semester we will be having a fun and casual party and there will be FOOD! Please fill out our [food form](#)

Memes of the week:

I've been looking at so many photos of baby birds recently and here are my conclusions

THERE ARE ONLY
TWO TYPES OF BABY BIRDS:

WTF fun fact #10467

There's an old Finnish measurement unit called a *poronkusema*, which translates to "reindeer's piss". It describes the distance a reindeer can travel without having to stop to pee which is roughly 7 - 7.5km.
