

# General Meeting

2/2/21

# Animal of the Week: Saltwater Crocodile (*Crocodylus porosus*)

- They are the largest crocodile and reptile species in the world
- They have the strongest bite in the world, with a force of 3700 pounds per square inch
- They're commonly found in coastal waters, swimming between brackish and fresh waters
- They will eat anything, literally anything
- Christina fears them (but can't stop reading about them)
