General Meeting

2/9/21

Animal of the Week: Giant otter shrew (*Potamogale velox*)

- Not an otter or a shrew it is the only species in its genus. Closest relatives are tenrecs
- Nocturnal carnivores that feed on aquatic creatures (crabs, frogs, fish, etc.)
- They're found in rainforests in central Africa from Nigeria to Zambia
- Solitary creatures
- Least Concern on IUCN but pictures are extremely hard to find

Dues!

- \$20 this semester
- If you have already paid \$30 for the year, you do not to pay
- Venmo: MSU ZSA
- Dues get you active member status
