

General Meeting

3/22/22

Animal of the Week: Red-tailed boa (*Boa constrictor*)

- There are at least seven subspecies of boa constrictors (possibly nine, but weird taxonomic issues)
- Non-venomous, 3rd(?) longest snake in the world
- They have small hooked teeth to help grab prey, can regrow if they're damaged
- They can swim
- Solitary animals

Opportunities in Zoology!

- Join AZA!
 - Resume builder
 - Keep up with all the recent news in the zoo world
 - Job postings
 - Connect with zoos all over the world
 - Get the Connect Magazine
- IBIO Hands on database!
 - Now is the time to look for summer internships!

**ASSOCIATION
OF ZOOS &
AQUARIUMS**

Potter Park Zoo Trip!

- We hope to take a zoo trip this semester!
- Please fill out google form so we can get a head count, carpool plans, and cost of admission
- If we get enough people, we might be able to get a behind the scenes tour!
- https://docs.google.com/forms/d/e/1FAIpQLSe75yhg7PwCbkwA0tEcvGppYmByypIzUcBeD5t5LqM_nwHt3Q/viewform?vc=0&c=0&w=1&flr=0
