

General Meeting

— 4/26/22 —

Animal of the Week: Oyster toadfish (*Opsanus tau*)

- Can live in poor conditions, needs little food to live
- Has a distinctive foghorn sound it uses to attract mates
- Venomous spine on its first dorsal fin, similar pain to a wasp sting, and powerful jaws
- Can be eaten, but often not because it's so ugly

Welcome New Eboard!

- President: Olivia Beebe
- Vice President: Kyleigh Haren
- Secretary: Rebecca Fisher
- Treasurer: Dominic Westbrook
- Social Coordinator: Melanie Renberg
- Fundraising Coordinator: Emma Mccarthy
- Service/Outreach Coordinators: Kiana Pearson and Taylor Stehouwer
- Webmaster: Nicole Tirado

ZSA Seniors
