

Hello, everyone:

This past week's slideshow theme explored sea stars! Thanks to Dr. Bierema who talked about her research in science education! For next week's meeting (April 3rd) we will be building bat boxes! The pre-meeting presentation will start at 6:45 pm, the building will start at 7pm, and we will build 15 boxes. Bring your friends, take a box home, and anyone who comes will receive a social or service credit for building boxes!

Fish Facility Summer Volunteers - Ganz and Braasch Laboratories.

Work with zebrafish, medaka, and spotted gar this summer! This includes daily feeding, tank maintenance, water quality monitoring, general lab maintenance, genotyping using PCR, breeding fish, and rearing embryos! This is a great opportunity for students looking to gain fish husbandry, laboratory, and research experience. There is also potential for a future research project for interested candidates.

Send a resume and cover letter to Carrie Kozel at kozelca1@msu.edu by April 6th.

Please indicate the number of hours per week available and if you are willing to occasionally help on weekends.

More information is on our facebook page!
